25 March 1969

THROUGH DIFFICULTIES TO THE STARS

HIPPIE

According to the New Random House Dictionary, a hippie is - "a person, especially of the late 1960s, who rejects established institutions and values and seeks spontaneity, direct personal relations expressing love, and expanded consciousness, most obviously expressed by wearing nonconventional costumes ornamented with flowers, beads, and bells, and by taking psychedelic drugs."

--Jack Smith - Los Angeles Times

Vietnamese Holidays During March

A. 23 Mar 69 - Hai Ba Trung Day: This has been a special day for women in South Vietnam and celebrates the anniversary of the death of the Trung Sisters. The two sisters led a revolt against the ruling Chinese and won freedom for Vietnam in A.D. 41.

The driving force for their leadership was provided when one of the sister's husband was killed by the Chinese and in retaliation she successfully formed the revolutionary army which defeated the Chinese.

The sisters made M-Ling in North Viet Nam the capital of the freed country. Their reign was short-lived, however, only three years. The Chinese recaptured Vietnam and the sisters, in deep sorrow, drowned themselves in the Hat-Ciang River.

An interesting monument stood at the foot of Hai-Ba-Trung Street in Saigon on the waterfront commemorating the two sisters. Many people said the face on one of the sisters was that of Madame Nhu, the disliked sister-in-law of President Ngo Dinh Diem. According to a Vietnamese writer, on this holiday Madame Nhu once rode in a parade atop an elephant, as one of the Trung sisters. On the successful coup d'etat of November 1, 1963, a jubilant mob tore the statue apart. They did this because of their dislike for Madame Nhu, not because of the Trung sister's history.

B. 26 Mar 69 - Hung Vuong Day: The significance of this day is tied to the legendary beginning of Vietnam. According to one account Chen Nong, one of the founders of the Chinese civilization, had a grandson named King De Minh. This grandson made an inspection tour in the "South" and while there married a "mortal". Their eldest children were given the northern empire (or China) and the youngest, King Duong Vuong, was made "King of the South" and formed the first Vietnamese dynasty. The land is believed to have been absorbed in what is China today.

One of King Duong Vuong's sons, Lac Long Quan, was supposed to have married the daughter of a neighbor prince, and she "laid a hundred eggs" from which were born the same number of sons.

According to legend, Lac Long Quan gave 50 sons to their mother and kept 50 himself. The eldest of these 50 sons came to the throne as the first in a line of 18 princes. All of them had the same name or title, Hung Vuon, and were distinguished by numbers. Because of this legendary beginning, many Vietnamese consider themselves related to each other.

* * *

There are two kinds of women in the world
The kind a man marries and the kind he
dreams about.

* * *

"Shot my dog last week."
"Was he mad?"
"He wasn't too happy."

* * *

In the course of getting a physical check up at the doctor's office, a man was asked to extend his arms in front of him. Upon doing this the doctor observed a very shaking of the man's hands.

"You drink a lot, don't you?" he asked.

"Nope", replied the man, "spill most of it."

!THOU SHALL NOT PLACE THEY HANDS IN **THEY** POCKETS!

HEADQUARTERS HI-LITES

The personnel of Headquarters Battery extend our best wishes to the Division Artillery Commander, Colonel Jones, on his departure from RVN to the WORLD.

During the last week a urine analysis was conducted throughout the battalion. A check revealed one man in the battery to have a urine sample identical to LSA in composition. I guess that's what happens when you have been in the Army for a few years.

A major catastrophe was prevented at Headquarters Battery during the month of March. It seems someone from Service Battery sent a roadgrader to Headquarters Battery with instruction for the driver to level Pruitt's Plaza. The driver made a sweep across the Plaza intent on doing a fine job. Upon hearing loud voices and the gnashing of teeth behind him, he stopped the grader and turned to see Colonel Pruitt running after the Sergeant-Major who was running after the roadgrader on a desperate mission to stop the grader. After learning someone had made a mistake, the driver returned the grader to Service Battery never to level Pruitt's Plaza again.

SP5 Cascioli is getting short. Anyone interested in becoming the Colonel's driver should see the Sergeant Major. Don't bother though, if you don't have red hair. It would also be to your benefit to know how to drive a $\frac{1}{4}$ ton vehicle before applying. (Editor's Note - "Crash Collins" is now speedily accomplishing his job.)

Some of the events occurring in Headquarters Battery this month include:

(1) CPT Lutes, the former Battalion Adjutant, has become an RA officer. All the short timers congratulate you.

(2) 2LT Sells, the Battery XO, will become the commanding officer during CPT Dalbey's R&R absence. He should have little trouble in acquiring needed detail men from Commo during his command.

(3) We are building an addition to the present NCO Club. It won't be done in the near future though, because we are waiting for Service Battery to help us. According to the Service Battery First Shirt, they will help us as soon as their battery "gets squared away" (Editor's Note - THAT WILL BE THE DAY!). If that is the case, it definitely won't be finished in the near future.

(4) If interested in free dancing lessons, see CW2 Lewis or the Sergeant Major. As demonstrated at one of the latest shows, they really "Rock Out".

(5) Although SFC Call insists that he is a 60 day loss, we of Headquarters Battery know better. Besides he is too young to leave his home, the Army.

(6) The medical bunker behind the Aid Station is closed and will be used upon the discretion of CPT Branda.

(7) In answer to your questions - Yes the bulletin board in front of the mail room will be completed someday.

(8) The divided, but somewhat united McCue & Dressler Secretarial Service Office is in bad need of repair. The cost of such repairs are too much for the team to finance by themselves. Therefore, immediately, if not sooner, all of the other sections on Artillery Hill who are in need of this pair's typing service, should make note that the price of such ability has increased. The rate now is \$2.00 per page of correspondence.

* * *

REMINDER

According to LTC Pruitt, Battalion Commander, political stickers are not allowed on your jeeps and $\frac{3}{4}$ ton trucks. That goes for Hippie Stickers also.

* * *

Operations Platoon - May we borrow.....

"CAR AND BAR MAKE A RHYME, BUT THEY DON'T MAKE A SAFE MIXTURE"

???AN OVERSIZED CHECKER-BOARD???

The first of the month found the officers remodeling their mess hall - starting from the bottom and eventually, maybe to the top. Working diligently for 4 hours one evening after dinner, they successfully completed a red and gray (more gray than red) checker-board style floor. It gives the dining room a more classy look but now the next item needed is a buffer. Then guys, it'll be just like pulling KP in the world. During the four hours of hard labor, I managed to scrape-up a few quotes which many officers will recognize right away.

MAJ Evans - "Really it's just a mass experiment."

CW4 Scheirer - "You're going to have to spread that paste out more than that CPT Baer."

CPT Baer - "Like this isn't my bag, but I do know the Federal Stock Number for the tile."

1LT Stoneman - "What's the name of the flick tonight?"

CPT Dalbey - "Floor Tile and you're the one playing the lead role."

CPT Lutes - "I'm laying a walk-way to our establishment of nourishment."

LTC Pruitt - "No Jeff - Not red against red!!"

CPT Branda - "Wow! Let me do some surgical work on this tile."

WO1 Sewerin - "Okay, let's play checkers!"

SP5 Dressler (to himself) - Keep your remarks to yourself or they'll put you to work.

CPT Hare - "It'll all be curled up in the morning."

CPT Dalbey - "I wonder how long it would take to pull it up and put it back?"

CPT Lutes - "I don't have that much time left in the Nam."

2LT Sells - "What'd ya mean I got the 3 o'clock shift!"

MAJ Nobles - "It's got that field-grade touch."

1LT Thomas - "These corners must have been welded together."

LTC Pruitt - "Red and green?! Not in the Dining Room!"

CPT Dalbey - "Hey Mr. Scheirer - we've got a dog-leg here."

MAJ Nobles - "Now where's that 'piece' of tile I laid?"

CPT Hare - "Okay, I'll give it the Acid Test - I'll walk on it!"

And after the whole ordeal was over there were only six things missing - SIX pieces of tile to finish the floor!

* * *
IT MAY BE GROOVY BUT DON'T WEAR IT THERE!

Again, you are reminded not to wear your weathered, ragged, floppy bush hat over to the Americal Division Headquarters or you're going to return to your battery only to report to your First Shirt with a psychedelic pink copy of a DR. The hat is not worth what the cost will be when your BC receives the white copy of the same DR.

SERVICE SNORTS?

Another month with no article from Service Battery. What's your bag guys?

* * *
Hear about the labor leader who started a bedtime story for his child: "Once upon a time and a half...."

* * *
Hear about the hippie maid? She comes in three times a week and dirties up a bit.

* * *
Student: "Quick, give me a round trip ticket."

Clerk: "Where to?"

Student: "Back here, you fool!"

"DON'T BE A BUMPER HUGGER"

ALPHA'S SMOKERS

Why do the same battalion personnel keep volunteering to come back to A Battery to assist us? Could it be the respectful treatment and the superb food which they receive here? Battalion should note that these men came back looking and feeling mentally and physically healthier.

Our mess hall will soon be finished with the completion of some more shelves and the K.P. shack. SSG Johnson, Mess Steward, has been working diligently on the KP shack, and in fact has been personally building it. He wants our KP's to enjoy every possible convenience. If members of this unit will note the writing on the wall, I mean, the permanent etchings in the cement, they will observe that SP4 Harry Dull is the KP's favorite cook.

During this present month, we have had some distinguished reassignment gains to this unit. Smoker, the battery's mascot, gave birth to 6 pups under the 2nd gun section's hootch. Personnel of Gun 2 are still wondering who the father is.

A Battery, you must take the pill! Doc, why didn't Smoker take the pill?

Note to SP4 Jenkins and SP4 Irvin of the battalion headquarters, do you miss our night patrols?

Caribou pilots are again reminded that LZ Cindy has one of the shortest runways in Vietnam which doesn't allow much room for acrobatics.

Colonel Jones visited our battery for the last time on 10 March. We wish him a successful new assignment and thank him for a job well done. Men of this battery thank him also for the personal interest he showed for the men under his command.

The "Flying PX" was a great success last month on its visit here. Efforts of everybody involved are well appreciated and we are eagerly waiting for their visit this month.

SGT Jackson, a safe is not the safest place to age a bottle of Cognac. We all hope that LTC Pruitt enjoyed that bottle as much as you would have.

CRITERIA FOR WINNING VIETNAM'S WAR

The Vietnamese have paid a heavy price in suffering for their long fight against the Communists. We military men in Vietnam are here because the Government of the Republic has asked U.S. and Free World Forces to help its soldiers and people in winning their struggle. The Viet Cong are attempting to turn the Vietnamese against U.S. and Free World Forces. VC tactics can be defeated, by following nine rules:

1. Remember we are guests here. We make no demands and seek no special treatment.
2. Join with the people and understand their life. Use phrases from their language and honor their customs and laws.
3. Treat women with politeness and respect.
4. Make personal friends among the soldiers and common people.
5. Always give the Vietnamese the right of way.
6. Be alert to security and ready to react with your military skill.
7. Don't attract attention by loud, rude, or unusual behavior.
8. Avoid separating yourself from the people by display of wealth or privilege.
9. Above all else you are members of the U.S. Military Forces on a difficult mission, responsible for all your official and personal actions. Reflect honor upon yourself and the United States of America.

* * *

Draft notices are like women... Nobody complains about them until he gets one of his own.

* * *

Him: "Let's get married or something."
Her: "Let's get married or nothing!!"

Recovering from the sleep-reducing gaiety of a post-Tet guard beefup, half the men of Bravo packed their eight inchers, personal gear and playing cards on 12 March for what was billed as a two week stand at Tam Ky.

With almost continuous firing at the field location, seasoned troopers said the road march broke a long-standing pattern of daytime ease and a nighttime grind interrupted only by one sapper attack, a long string of Westerns and a fresh supply of peanuts and beef Jerky at the Bunny Club.

Apparently the playing cards were shipped back to the 175 and detail men, who were spending their time looking for choppers to move assorted goodies out 'Yonder'.

A large tally of definitely non-Greenie types were scooped up by the evil paw of infusion. Among those off to new assignments were SP4 Heath-Eves, PFC Baye, SP4 Scott Jones, SP4 Garcia, SP4 Myers, SP4 Lawrence, SP4 Avirett, SP4 Rodriguez, SP4 Baldwin, SP4 Belfiore, SP4 Rayner, and SP5 McEwin.

On the plus side of the infusion roster, Bravo welcomed SP5 Hansen, PFC Montoya, PFC Ray Jones, PFC Merlihan, PVT McClelland, PFC Hawthorne, and PFC Barber.

Bravo's Short Greenie, SGT Bauer, was welcomed as Motor Sergeant here in February. He plans to be welcomed as a civilian in the Land of the Great PX in April.

The elite of the military, Bravo's One Digit Midgets, included SP4 Ward, SGT Bowman, SGT Linto, SP4 Loner, and SP4 Muggelberg. Send us a postcard, guys.

A tragic moment late in February was the loss of SGT Jesse Ellison, killed when a mine exploded beneath his ammunition truck carrying powder and ammo to the guns on Ross.

Members going on R&R may request partial payments of unpaid pay and allowances to which they have accrued an entitlement. The amount authorized to be paid is the lesser of either the amount requested, the amount of accrued pay and allowances to date of payment, or an amount that would assure a sufficient balance at the end of the month to satisfy all allotment and other charges against the member's pay account. Members who have wisely let all or a portion of their pay accrue (ie, be carried forward in their pay account) may easily draw a portion or all of the accrued amount in addition to the partial payment of current month entitlements for their R&R trip. Advance payments or payments for future periods are not authorized for R&R purposes. Advance payments can be made only on ordered PCS reassignments.

* * *

TOUR EXTENSION EFFECT ON CLASS "S"
ALLOTMENTS

Class "S" Allotments for deposits in the Uniformed Services Saving Deposit Program (Soldier's Deposits) have an automatic discontinuance date as of the month prior to DEROS month. Members who extend their tour and have Class "S" Allotments in effect should take action to extend the continuance of their allotment through the month prior to the adjusted DEROS date if they desire that allotment deposits continue. Action may be accomplished by signing a revised DA Form 1341 (Allotment Authorization) at the finance section. Proof of adjusted DEROS will be required.

* * *

An Army base in Alaska fought a losing battle with the icy wind. Just about the time a building warmed up, some yardbird would leave a door open and the temperature turned deep-freeze again. The carpenters licked the problem with a sign that took care of everything - even military courtesy. The sign read:

"SHUT THE DOOR, STUPID! NOT YOU SIR!"

"A LITTLE SKIDDING GOES A LONG WAY - TOWARD TROUBLE"

CHUCKLIN' CHARLIE

Back again in March and another month down the rice paddy dike.

This past month has seen quite a building boom! Even 1LT Miller and 1LT Wood now have a hootch. But the only problem is that they're now sharing it with our "spoons". What's this "Smitty" about "spoons" not being able to live with our officers?

FDC now has a new home too, right next to where the old garbage dump used to be. I wonder if that's a hint on where FDC stands in the eyes of the BC and 1SG?

What next? Well we're getting a new mess hall ~~thanks~~ to the efforts of all of our extra duty personnel and SP4 Howee "Slave Driver" Kayan and SGT Big John, ~~our~~ so-called "Prison Guards".

It seems like if one man gets into the act, everybody wants in. Isn't that true SP5 D.M.? You got pretty good use of the E.D. personnel burying that line to the projector, didn't you?

Is the "Motor Man" really Nuts or does he simply act that way all the time to get out of work? Is "Pig Pen" really his son? Has he been in country that long?

ATTENTION: PFC "GOOK" and SP5 "YUL"!! Isn't it about time for another haircut?

Hey Giff, you'd better get that mortar box for another seat before that Gook beats you to it...

Well, I guess I did my job again this month SP5 Dressler. How can a man butcher up an article like this and live to survive it (SP5 Sport - I'll never tell!)

Till next month-Watch out for the "Firing Red Eye Heroes"!!

* * *

THE QUOTE

LTC Pruitt - "Where are the cherries?"

THE CHAIN GAME

Guys, when you motivate your vehicles to the Americal Division Headquarters area, remember to drive slowly and carry a big chain. Why the chain? To lock up your vehicle when it is left unattended. In the last few days the Americal Military Police have confiscated a great number of vehicles and carbon copies of LR's. Don't add your name and vehicle to the list.

* * *

The "Project Understanding" Award for the month of March goes to SFC Williams of Svc Battery who made significant effort to understand Robert Rabbit.

The "Dwight Johnson Memorial Spirited Driving Award" for March has been unanimously awarded to PFC Bill Mills. Major Nobles has a due-out on an aircraft safety harness for installation in HQ # 3.

Congratulations to SP5 Hass on his graduation from "Old Fashioned" school. The primary instructor for the 9-week course was none other than LTC Pruitt with moral support provided by CPT Dalbey and CPT Lutes. MOS awarded for this is 88Z60, spirit blender, G2/J2. There have been no promotion allocations in this MOS since 1951.

Robert Rabbit is hiring Picasso to paint murials (sic) on the walls of his new day room. One young troop from 'B' Company, 26th Engineer Battalion can't figure out why B Company is building Service Battery a day room when they don't have a day room themselves. Obviously the poor boy doesn't understand politics, the Army, or Robert Rabbit!!

The new addition to the Captain's quarters is almost completed. At a gala cocktail party last Saturday evening, the new wing was named "Chez' John".. The architecture has been described by a noted classical critic as "sturdy" of of the school known as "Bunker Baroque".

* * *

SGM Rowe - "Every time I come to the bar, they play that darn Aretha Music - you'd think she would have treed that opossum by now!!"

CAREER COUNSELOR'S CORNER

Let's open this column to discuss something on everybody's mind - Vietnam. As we all know, there is a job to be done over here and experienced men are needed. However, a tour in Vietnam also offers golden opportunities that will benefit you from financial and career standpoints.

For example, have you ever given any thought as to how much additional money you can make and save while in Vietnam?

First off, all pay and allowances for enlisted men are tax-free. Just add your withholding taxes to your take-home pay and you can see how much additional money you will have.

That's just a start. Add the extras. Depending upon your rank, you will receive an additional \$8 to \$22.50 a month foreign-duty pay. That's tax-free. Hostile-Fire pay will add another \$65 a month to your paycheck, again tax-free.

What other benefits does the man in Vietnam get?

Well, there is free postage and up to 7 days of R&R for every 12 months of service. For this R&R, the Army flies you, free of charge, to such locations as Hong Kong, Bangkok, Tokyo, Singapore, Australia and Hawaii. You may also go on a 3 day R&R within Vietnam.

When your one-year tour of duty is over in Vietnam, and if you decide to extend in the country for an additional six months, you will be given 30 days of non-chargeable leave, including free round-trip transportation to almost any point in the free world that you select.

For the man who does not want to extend his tour in Vietnam, there are other opportunities.

Toward the end of a Vietnam tour, any enlisted person, regardless of pay grade, may reenlist for the CONUS Station-of-Choice option. This assures a one-year stabilized tour at the stateside station

you choose. It is normally open only to enlisted men in grades E1 through E6. In Vietnam it is open to everyone regardless of grade.

The Oversea Area-of-Choice option is another reenlistment opportunity open to enlisted men in Vietnam. It is available to men in grades E6 or below without regard to number of years of service completed.

A third option for which the Vietnam-based enlisted man is eligible is the drill sergeant reenlistment program. It offers a stabilized tour of 18-months at a stateside training center of the man's choice. Qualified NCO's and Specialists in grades E4 through E7 can reenlist for this duty while in Vietnam or any other unaccompanied short-tour area. A big advantage of the drill sergeant program is that a man can be promoted from E5 to E6 without regard to time in grade or service. Eligibility lists for this fast promotion opportunity are made up from those drill sergeants with four months of outstanding performance.

So, as you can see, a tour in Vietnam offers you both financial and career advantages.

Hope this column has been helpful to you. For complete details as to how you can reenlist for Vietnam opportunities or to obtain information about other options see your career counselor toady - Don't wait. Call 2519 now. Secure your future. Stay Army.

"Something the matter?" asked the bartender of the young, well-dressed customer who sat staring sullenly into his drink.

"Two months ago my grandfather died and left me \$85,000" said the man.

"That doesn't sound like anything to be upset about, said the bartender. It should happen to me!"

"Yeah" said the sour young man, "But last month an uncle on my mother's side passed away and left me \$150,000."

So why are you sitting there looking so unhappy?" asked the bartender.

"This month - so far - not a cent."

* * *

ICE CREAM?

Captain Hare has been appointed head of a 56-man Investigative Committee charged with delivering its report on the ice-cream situation to the Commander by the end of 1972. Another committee is being formed now to assess the findings, and yet another, at a suitable date, is due to be established in order to discern if the recommendations, should there be any, can be implemented, and if so, by whom. It will be interesting to see the results of this FM 101-5 solution to a particularly complex command and staff problem.

THE HOOK & STAR

The Hook & Star is an authorized publication of the Army, published by the Information Office, U. S. Army Vietnam, APO 96374 (telephone 2122/4470). The command newspaper circulates 250 copies and is printed by the Hook & Star Publication Center. Opinions expressed in the Hook & Star are not necessarily those of the Department of the Army.
